25X1X

The Polish vehicle called the Star-20,¹ which is produced by a factory in Starachowice,² is being adapted for special military purposes as a so-called field car (samochod terenowy dla celow wojskowych). Some engineers have succeeded in changing the "gear box" (skrzynka biegow) so that the vehicle will have a 4-wheel drive. Informant believes that the converted Star-20 will become the Polish army's jeep.

25X1A 1. [REDACTED] Comment: The Star-20 vehicle has been reported as a three to five ton truck.

25X1A 2. [REDACTED] Comment: Source probably means the Starachowice Vehicle Factory in Starachowice (R52/Q05).
